Wisdom

Talmudistic, sionistic, askenazistic people don't like christians, don't like truth chercheurs, goyim...

**mercenaries**

**If the individuals involved in the incident are employed by a private military or security company, please indicate the company's name and address.**

Even if the most of perpetrators are working in police stations, or in Tribunals, or in admistrative posts in local, regional and national offices, the real fact is that they are mass infiltrates from years ago, precisely to get accès to the means, infos, and lifes of people, and to block denonciations "sur commande", there are those that are working "legally" (because contracted by the insider infiltrates) in Private Security Agency's (WikiLeaks) for the local, regional or/and national gouvernements, and without "legal limitations", gathering HUMINT, SIGINT, etc, torturing and making experimentation and conditioning technics, trying to create violence, suicide, "terrorists attackers" or "exiled by their coercitive tactics, and trying to cover or erase all official constatations (but for someone skilled in technologi it would be very easy to get their track, their Modus Operandi, their mouvements, their acting communications... In all those years lots of data, like gps movements and positions, messages, mails, callings, has been registered in informatic support that cannot be erased (antiterrorist laws)

**Please provide relevant information relative to mercenaries, activities related to mercenaries and/or private military or security companies in your country or at the location of the incident.**

Some are "entitled" like "volontiers citoyens de la police nationale", others are "actors", others security guards in markets, there's a lot of "off duty" agents of police and military stations, and the mercenaries working like "private investigators", most of them expulsed from these corps because they were taked in corruptions... They use their families, their childrens, to learn them the "technical hunt", and to cover themselves, like if they were happy famillys...

**If there are local or international companies, please indicate the headquarters of the companies.**

By example, i remember once I recovered two laptops from the trash, and when i was trying to install a OS in the one I keep and have, in a bar with public wifi, one guy helped me with his USB... He tell me that his work was at Thales Company (WikiLeaks SpyFiles)...

**torture****Please indicate where the person was seized (city, province, etc.) and location at which the torture was carried out, if known.**

Torture is forbidden in all their formes. In my case, the torture is psychologic torture, from years everytime they can. And in 7 years "condamned to mendicity" are a lot of hours, days, weeks, months, even if that is happening from much earlier

**Indication of the forces carrying out the torture.**

When walking going somewhere, docens of vehicles rounding, (in Paris were hundreds, not Uber, with a big mobile Park parked in the parkings of big trains stations, to change cars if go out Paris), creating that I call "the gas chamber mobile", making you breath in permanently diesel combustion gas, odorless and colorless but... When sitting in mendicity, lot of cars passing, but some of the perpetrators walk and pass in front, some make "street theaters", with conversations that let me know that they know what I read, or study, or what film I have seen last night in my tablet, at home, in my private personal life, in the intimacy of my space... And in same way, they has tried to "educate" me like a dog, to make me act or speech the way (wrong) they consider, by means of conditioning technics, like in rats and monkeys experimentation. They has (try to) create a fake reality with actors, lies, psicologic torture, and conditioning. By this, they had become a organized group (independently of the "oficial workplace" of his members) committing crimes against the Human Rights, the Human Dignity; in the Penal Codes the punishment for those délit and crimes is Réclusion Criminelle Perpétuité. And the proofs are there, waiting to be used against this sionistic saturnist complot.

**Description of the form and methods of torture used abd any injury sustained as a result.**

First, they are "working" from I go out until i arrive home. Circling me all the time, making the air poisonous, using info, of what I read or study at home, in their flash-mobs to psico-torture, trying to put in my thoughts their lies (trying to make me believe that illegal things are legal, because if the victims think that was legal, will not denounce), they try to control the hours in mendicity by lying to people in the street to keep them from help me, so to have, B.E., 17€ yesterday 09/03/2023, it passed 7½ hours from I go until I arrived home... The economic social help here is 600 €, (to live with dignity, without mendicity or worst: slavery, prostitution, gangs works...), around 20 €/ Day... This people, with fake authority, making others work in collaboration with them (taking them in complicity) trying to block my Human Rights. They like to throw trash, papers, dog's caca, smoked cigarettes, etc in the places were i will pass or walk, sometimes in the Port's accès to street, two or thee times in my ponton in Port des Minimes, in La Rochelle (requisitioned by me because I can't pay it...) at port, next to my home, 10 centimeters off my Navire... They has been so much interested, since my home-sailboat was given to me, in make me have the boat's papers aboard, and to make me believe that everyone can abord me, even at sea...,(in fact I was sequestered by Guardia Civil with my Navire, no oficial procedure documents were given to me, that "never happened"...) , that some "authority" can register my home without my consent or even my presence, by taking a "witness"... And in the passing of ilegal arbitrary identity checks (and you know your ID is personal and intransférable), they used to scann or photograph my ID Card, (identity steal, maybe the victim "become" organs donor, or "volunteer" for human experimentation, or to write a fake testament...), without even communicate with the station (so no oficial record of maybe hundreds of identity checks...) In most of administrative tramitations, they had lied: "you have not right", "you must to wait", By example: after 7 years I had 6 months of economic social help and then, in November 2023, without communication of the "decision" they had stopped the payment; in 01/02/2023 , after multiple calls (recordeds) and visit to the building (recorders), i call police patrol to came to the building (recorded) the next day they sent me the paper "needed by his procedure to make reclamations"... I write my Réclamation and sent it in 09/02/2023, (in video in link before), Somee of technics related to some perpetrators are in videos in link: <https://archive.org/details/@jakunai>

**Were any person, such as a lawyer, relatives or friends, permitted to see the alleged victim(s) during detention? If so, how long after the arrest?**

Lawyers? When i was sequestered by Ertzaina (basque police meaning "shepherd") I gave order to Vicente Azpilicueta to sollicitate Habeas Corpus. He refuses. I asked for another lawyer. Ertzaina refuses. All prepared. Next day in court, they make me sign, with the agreement of the lawyer, (i don't know what, but there were cameras) 6 or 7 papers handcuffed without the option to read it, "if not, they don't free me". When i arrived home I couldn't find any signature in "my copys", the instruction of Ertzaina was faked and full of lies (there was cameras in the place of ilegal arrestation, and in Tribunal, but not in the station's cell) . In fact, they use human means, technology, etc, to make you "in hell" literally, "binding the world", trying to steal your life,

**What was believed to be the purpose of the torture?**

To make me believe and accept their fake reality, their fake "law", their mental control by means of torture and conditioning technics. I say: no, i don't accept.

**Was the alleged victim(s) examined by a doctor at any point during or after victim's ordeal? If so, when? Was the examination performed by a prison or government doctor?**

Doctors? I remember that the two young "doctors" that sequestered me two weeks in psiquiatry, were in collaboration with municipal police of Fuenterrabía to stalk me from vehicles days before. All prepared. Telephonic tracking can proof it. And in Paris, when i went to the dentist to extract one molar, the "practicioner" try to let a little bit of tooth inside, after she pushed the metal tool that she was using against the good teeth strong enough to make me feel even with anestésics... And in Paris one of the lies given to me in police station during a trying to denounce the stalking (policial harassment) was "you need a psicologic paper to denounce". So... Ah, after one physical agression I had suffer, one tooth moves...

**Was appropriate treatment received for injuries sustained as a result of the torture?**

I was recovering myself from the post-traumatic of 7 years of mendicity with nearly everyday psicologic torture... during those 6 months of dignity. All that I need: mi Human Rights

**Was the examination performed in a manner which would enable the doctor to detect evidence of injuries sustained as a result of the torture? Were any medical reports or certificates issued? If so, what did the reports reveal?**

I had the papers that the collaborators-sequestrators doctors in their "rapport" when they liberate me, with their fake "diagnosis"...

**If the alleged victim(s) died in custody, was an autopsy or forensic examination performed and which were the results?**

I only was death symbolically, and mi rise from the death, the Gift of one new immortal life and so on is explained in video in link before (same): <https://archive.org/details/@jakunai>

**Perpetrators****Please specify the number of alleged perpetrators:** 666

**Is the identity/occupation of the alleged perpetrator(s) known? Yes**

They are, like Pope León XIII used to say, in every social class, following "orders", organized to... Their real link to satan's sinagogue can be different: some by freemasons, controlled until certain levels by Sionisme; Religious groups believing that are "making the God's work"; Mercenary groups or political militants, (lot of racist and Nazi ideology bearers has infiltrate massively police and military)  
There are police officers, lawyers, judges's teams, administration's workers, doctors, press, actors (yes, real actors from Spanish tv), gendarmes, guardias civiles, volunteer citoyens of police nationale, ligue de defense juive (terrorists in many countries), even they refuse to give me food and clothes in red cross in Hendaye and St.-Jean-de-Luz; Even one social helper try to speak sensual in her office when i went to ask for help...  
During this years of investigative suffering, accumulating proofs, and by has been victim of this even in pilgrimage, in lot of villages and cityes, the sistema remains the same, only change the policiers "off duty", his vehicles, and the faces of the perpetrators. It's a coordinate system with relatively "well positioned" people giving orders. We must to protect the Human Rights (the explicit and the implicit of the Déclaration Universelle des Droits de l'Homme), in order to protect all Human Beings. One "option" to attack the Human Rights? They try from inside, with art of war... Definitely we are not born to serve like slaves of the people that say they are jehudim, but they aren't, they are the satan's sinagogue... And the Real Kingdom of IEHÔVÂH, without terror nor mysery, without hell nor beast or devil workers, is the respect of the LAW, and all of good men and women pray to came now.

**Were the alleged perpetrators State agents or believed to be State agents? Yes**

In mi public denonciations are some of the "cases" with names, responsabilities, date, etc, to easily recover the official data (videos of police and military offices, of public road, of markets, etc)

Videos in link before (the same):

<https://archive.org/details/@jakunai>

**If the alleged perpetrators were State agents, were they acting in their official capacity? Yes**

Some of them collaborate, in duty, refusing me the right to denounce, others, like Affairs Maritimes, blocking the investigation and the action of Justice, refusing to take my Rapport of Sequestration of me and my home-sailboat committed by Guardia Civil Salvamento Marítimo, during which Guardia Civil de Aduanas de Pasajes refused me the right to renounce the sequestration. The before cited judges, in Irún and Bayonne, police officers refusing me the right to denounce other specifical cases, that are part of the whole situation of crime against the Human Dignity, by refusing (de facto) several of the Human Rights, punished by the Penal Codes with Reclusión Criminal a Perpéuité, for everyone of those that has collaborate, by action or omission, even only one time...
